

TENNESSEE STATE ASSOCIATION OF SQUARE AND ROUND DANCE CLUBS, INC.
OFFICIAL STATE OUTFIT

Description: Dress and ruffle are made from lavender Golden Strand broadcloth. Neckline, bottom of sleeves, and ruffle are bound at bottom with #64 (purple) Wright's bias tape. A large iris is appliquéd on the skirt while a smaller one is appliquéd on the bodice. The word "Tennessee" is monogrammed in green to match the leaves of the iris over the large iris on the skirt.

Man's shirt (bought or made) is lavender with a large iris appliquéd on center back. The word "Tennessee" is monogrammed in green centered on the back yoke of the shirt. Black pants complete the outfit.

Pattern: Women: Authentic pattern #280 or basic bodice with sweetheart neck and puffed sleeves. Skirt can be made from circle skirt pattern, placing ruffle as shown in drawing. It is highly recommended that you line the dress.

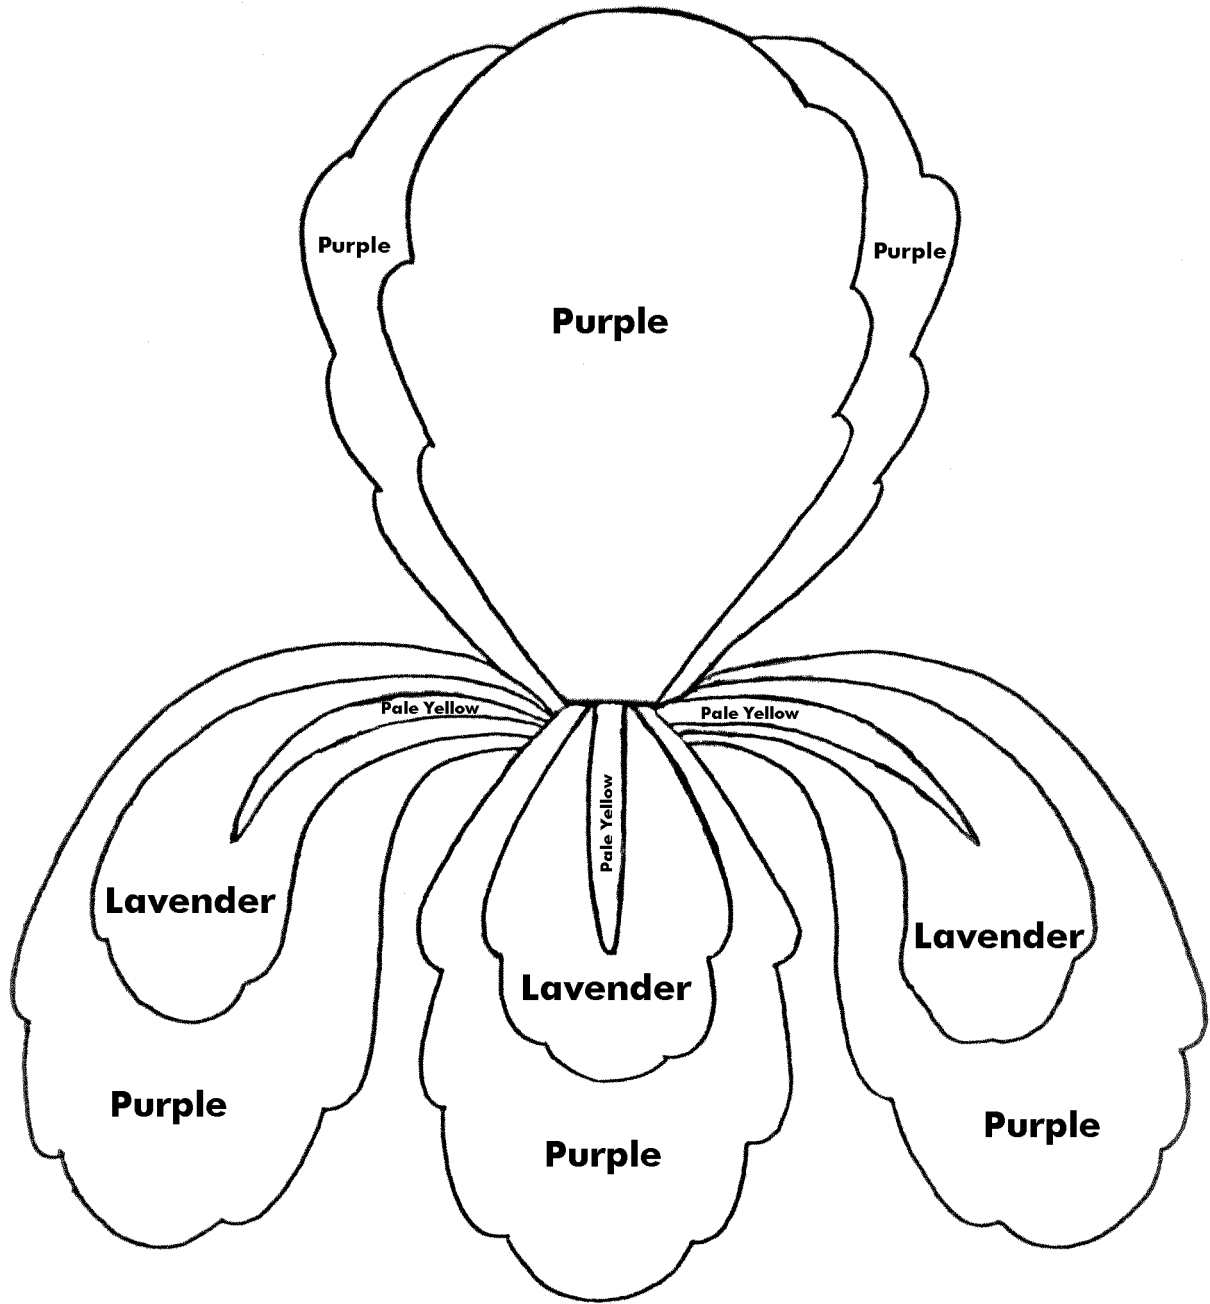

Men: McCall's 6383 or purchased lavender shirt. Purchased black pants.

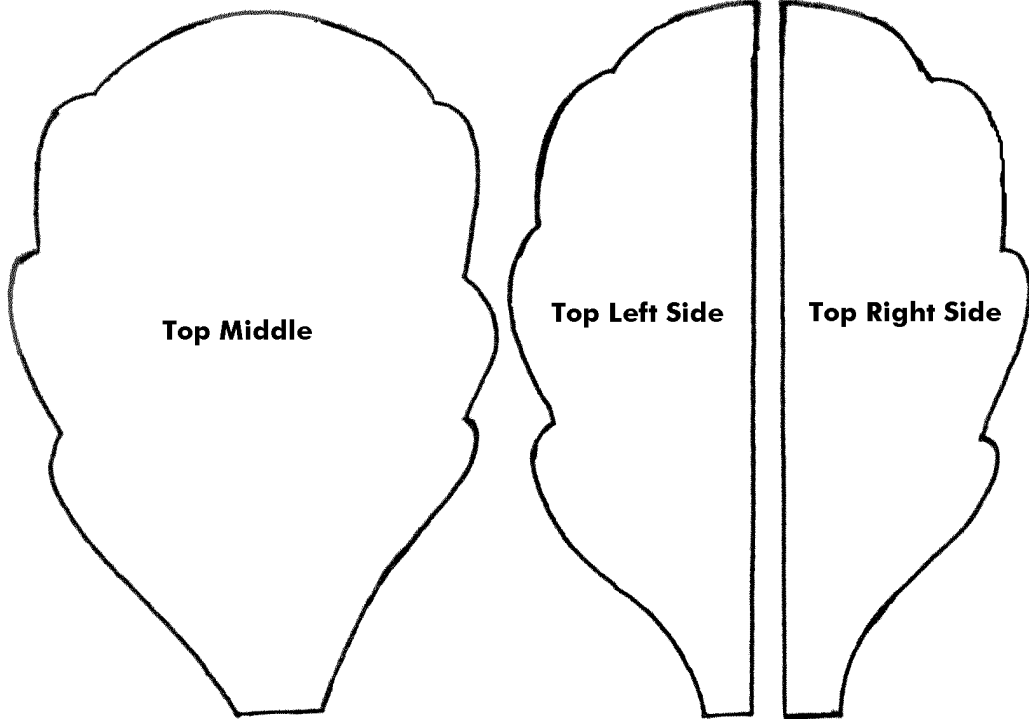

Bows: Narrow purple grosgrain ribbon.

Appliqué: Petals are purple and lavender fabric. Stem and leaves are #44 (green) Wright's wide bias tape pressed open. Center of petals are pale yellow fabric.

Trace pieces on fabric and stitch witchery using a dressmaker's pencil, chalk, or trace with dressmaker's carbon. Cut out pieces and layer the appliqué as shown in drawing. Steam appliqué and stitch witchery onto a thick piece of pelon. Top stitch around appliqué then cut away excess pelon. To prevent puckering, place a piece of pelon under the garment before basting, top stitching or pinning appliqué securely in place on garment. Complete the appliqué by stitching around edges using medium width zigzag or satin stitch as close together as sewing machine will feed.

Large Iris

Caution: When printing, be sure your printer's settings do not reduce size of pieces.

- Straight side of top left of *large* iris is approximately 3 3/4" long.
- Straight side of top left of *small* iris is approximately 2 1/4" long.
- Left side of center stem of *large* iris leaves is approximately 3 3/8" long to bottom edge of leaves.
- Left side of center stem of *small* iris leaves is approximately 2 7/8" long to bottom edge of leaves.

Small Iris

Large Iris

Monogram is actual size. Use green thread to match iris leaves. Center monogram over iris. See picture for correct placement.
