

December 5, 1992

Tina has been Associated with Square Dancing in some capacity every since I started in 1986. While I could not find any material for the office held during the 1986 State Convention, I do remember her being very active during this time. Since I had just graduated from a Class at this time, I knew very few people or just what it took to put something like this together.

Tina has been president of CASDA for two years and CHOO CHOO FESTIVAL chairman for two years. At each of these function they have been consecutive years. While this may not seem spectacular it is truly an accomplishment.

At any Allemande Hall special Sunday afternoon dance Tina will always be there at the door checking people in. I have not idea when she started being Allemande Hall treasure, but she has held this job a number of years and still continues to be very efficient at keeping track of the financial situation for Allemande Hall.

While one may not always agree with her it is not uncommon to overhear a question asked on any given thing about Square Dancing, State Organization, Choo Choo Festival or Allemande Hall and hear the following response. "I don't know but ask Tina she will know". Usually she will have the information one might be looking for or will know where to find it, else know who to ask.

Thanks,

Gene & Betty McMahan
